*Recognition: Official selection at Austin Liffoff Film Festival*

Acted as cinematographer on a short film about a retired paranormal investigator.

### Other Roles

I've acted as cinematographer on dozens more creative and corporate projects, in industries ranging from Consumer Products to Education, Startups, Non-Profit and more.

---

Give me a call or email, and see if we're a good creative fit. I'm an easygoing, adaptable Cinematographer with plenty of technical knowledge & excellent leadership skills. I'm able to work locally in Boston, New York City, and Connecticut.

I have experience with 16mm film & can easily work with 35 if requested. Ultimately, I see Cinematography as a collaborative process throughout all of production, with the director having final say on all facets. I'm adaptable to any style.
